

Curriculum Vitae

As of March 8, 2011

Name

Michel Louis Grignon

Home Address

241, St Clarens Avenue,
Toronto, Ontario, M6H 3W2
Canada
416 535 5185

Business Address

Department of Economics
And
Department of Health Aging & Society
McMaster University, KTH 232
Hamilton, Ontario, L8S 4M4
Canada
Tel : 905 525 9140 ext 23493
Fax : 905 525 4198
E-mail : grignon@mcmaster.ca

Personal Data

Birth date: 6 July 1961 (Blois, Loir-et-Cher, France)
Citizenship: French, Permanent resident of Canada

Education

Baccalauréat (Mathematics and Sciences) (1979)

Ecole Nationale de la Statistique et de l'Administration Economique (ENSAE), Paris, France,
(1985) [Master's Equivalent, National School for Statistics and Economics]

Ph. D. (Economic History), Ecole des Hautes Etudes en Sciences Sociales, Paris, France
(1993)

Thesis: The rise and fall of the textile industry in a Paris suburb, 18th-19th century
(Committee: Jean-Pierre Bardet, Jean Crouzet, Bernard Lepetit, Denis Kessler, and
Serge Chassagne)

Award: Highest honors (Félicitations unanimes du jury)

Current Status

July 2009 – Present: Associate Professor, Department of Economics and Department of Health, Aging and Society, McMaster University

July 2004 – June 2009: Assistant Professor, Department of Economics and Department of Health, Aging and Society, McMaster University

January 2009-- June 2010: Associate Director, Centre for Health Economics and Policy Analysis (CHEPA)

July 2004 – January 2009: Member, CHEPA

July 2007 – June 2009: Chercheur associé (adjunct scientist), and June 2009 to present: Scientific Consultant (Directeur Scientifique associé) – Institut de Recherche en Economie de la Santé (IRDES, Institute for Health Economics), Paris, France

Professional Organizations

2007 - Canadian Economics Association

1997 - Collège des Economistes de la Santé (Paris, France)
Member (October 1997 – September 2001; January 2005 -)
Board of Directors (September 2001 – January 2005), elected

Employment History

Academic

1995 - 97 Associate Researcher, Institut National d'Etudes Démographiques (INED)
(June 1995 – September 1997)

1997 - 2004 Member, Centre de Recherche, d'Etudes et de Documentation en Economie de la Santé, Paris, France

2002 - 2004 Project Manager, National employers' survey on group supplementary health insurance

Consultations

1993 Commission on housing benefits (Choussat Commission)

1994 - 96 European Commission, General Directive #5
European Observatory of Family Policies (Jonathan Bradshaw, University of York, United Kingdom), Co-expert for France

1995 - 97 European Commission, General Directive #5
Interaction between family policies and social protection in the context of recent and future socio-demographic changes (Linda Hantrais, European Research Centre, Loughborough University, United Kingdom), Team leader for France

- 1998 Sanofi-Synthélabo
Uses of benzodiazepines and SSRI in the treatment of insomnia in the US, measured through claims data: Methods and measurement issues
- 1998 - 99 Commission on Family Policy (Thélot Commission)
Impact of family benefits on poverty in France
- 1999 Moroccan Federation of Insurance
Strategies to implement compulsory health insurance in the Kingdom of Morocco
- 1999 Approaches to Capitation and Risk Adjustment in Health Care: An International Survey (N Rice and P Smith, University of York), Correspondent for France
- 2000 Haut Comité de la Santé Publique
Consultation on the WHO Health Report 2000: Performance of national health systems
- 2000 Haut Comité de la Santé Publique
Report on inequalities in health in France
- 2000 - 05 Member of Groupe d'Experts Médico-Economiques, an advisory group to the French government for methodology assessment of medico-economic evaluation of drugs and medical devices
- 2001 - 05 French Ministry of Foreign Affairs
Cooperation program on health insurance in Cambodia (2001) and Vietnam (2002, 2003)
- 2001 Regional Office for Europe, World Health Organization
Experts' consultation on the World Health Report 2000: Performance of national health systems
- 2001 - 04 European Commission, Quality of Life Program
Survey on Health, Aging and Retirement in Europe (SHARE), Member of the French team
- 2000 - 02 Direction de la Prévision, French Ministry of Finance
Impact of aging on public health care and long-term care expenditures
- 2001 - 02 Commission on the Future of Health Care in Canada (Romanow Commission)
Payment schemes for physicians
- 2001 - 04 RESICARD, Physicians Network (Cardiology)
Medico-economic Evaluation
- 2002 - 04 International Association of Social Security

Expert for France, network on health policies and aging in France, Germany, Japan and the Netherlands (Prof. Dr. Klaus-Dirk Henke, Technische Universität Berlin, Fakultät VIII Wirtschaft und Management)

- 2002 - 04 Member of the working group of Office Français des Drogues et des Toxicomanies (Measurement issues related to tobacco and tobacco-related policies)
- 2002 - 04 Bertelsman Stiftung
Network of international experts on health care policies and reform in OECD countries (Reinhardt Busse, scientific coordinator)
- 2003 - 04 National Institute for Sanitary Surveillance (INVS)
Experts group on the “social sciences” within the Scientific Committee
- 2003 Report of the Cour des Comptes
Impact of aging on public health care expenditure in France
- 2003 - 04 Haut Conseil pour l’Avenir de l’Assurance Maladie
Health insurance financing
- 2003 OECD Roundtable of Experts and European Ministries of Health
Future of public health expenditures: comparative health policies in Europe
- 2004 Report of the Cour des Comptes (Christian Babusiaux): Sickness leave compensation schemes in France
- 2004 Working group (under the supervision of Anne-Marie Brocas, Conseil d’Orientation des Retraites), developing a health economics program into the curriculum at Centre National d’Etudes Supérieures de la Sécurité Sociale (Saint Etienne, France)
- 2006 DEXIA, report on La place et l’évolution des dépenses de santé dans les pays de l’OCDE (health care expenditures in OECD countries), February
- 2009-2010 Groupe d’experts sur la mesure des risques psychosociaux liés au travail, Institut National de la Statistique et des Etudes Economiques, France.
- 2010 – present: Representative for CHEPA, the Bertelsmann Foundation Health Policy Monitor International Network (Germany)
- 2009 – present: Representative for Canada, the EquiLAC project on equity in health and health care in the Americas (Pan-American Health Organization, Washington D.C.)

Scholarly and Professional Activities

Editorial Boards

Revue d'Epidémiologie et de Santé Publique (2003 -)
Revue Française des Affaires Sociales (2000 – 2004 and September 2009 to present)

Grant Committees

Institut de Recherche en Santé Publique (IReSP) France: Emerging team on Mental Health (Health Services Research) – January 2011

Canadian Institutes of Health Research, Social Dimensions of Aging, Review Committee 2006-08, Scientific Officer, Fall 2007 to Spring 2009

Institut Virtuel de Recherche en Santé Publique (Virtual Institute of Research on Public Health), France, review committee, Paris, October 2005

Prior to my appointment at McMaster:

Canadian Institutes of Health Research, Health Policy and Systems Management Research, Review Committee May 2003

Ministry of Health and Social Affairs, France, Tender on risk and social policy, Review Committee February 2003

Ministry of Health and Social Affairs, France, Tender on hospitals merging in France, Review Committee May 2001

Prime Minister of the Kingdom of Belgium, Services des Affaires Scientifiques, Techniques et Culturelles (SSTC), Review Committee (2000, 2002)

Journal Referee

Asia-Pacific Journal of Public Health (2008, 2009)
Berkeley Electronic Journal of Economic Policy Analysis (2009)
Canadian Journal on Aging (2006, 2008)
Canadian Journal of Economics (2010)
Economie et Statistique (1998)
European Journal of Health Economics (2003, 2009)
Health Care Analysis (2007)
Health Care Management Science (2004)
Health Care Policy Analysis (2009)
Health Care Policy (2009, 2010)
Health Economics (2003, 2005, 2006, 2007, 2008, 2009)
Health Policy (2006, 2007, 2010)
Health Reports (Statistics Canada) (2006)
Health Services Research (2008)
International Journal for Equity in Health (2004)
International Journal for Quality in Health Care (2009)
Journal d'Economie Médicale (2001, 2003)

Journal of Health Economics (2010)
Journal of Socio-Economics (2009, 2010)
Medical Journal Online (2007)
Pharmacoeconomics (2010)
Population (1997, 2010)
Pratique et Organisation des Soins (2008, 2010)
Review of Pharmaceutical Outcomes (2009)
Revue Economique (2008)
Revue Française d'Economie (1999)
Sciences Sociales et Santé (2004, 2005)
Social Science and Medicine (2009, 2010)

Report Referee

Haute Autorité en Santé (France):
2007: Recommendation on the reimbursement of smoking cessation therapies.
2010: Recommendations on « Développement de la prescription de thérapeutiques non-médicamenteuses »

Prior to my McMaster appointment:

National Institute for Demographic Studies (INED, France) (2002, 2003)

External grant reviews

Agence Nationale de la Recherche (France) – Programme “Les Suds II”, June 2010

Ministry of Health, Singapore – Aging and health expenditures, April 2010

Institut de Recherche en Santé Publique, France. Comité « Recherche sur les services de santé », July 2008

Fonds de Recherche sur la Société et la Culture du Québec, Actions concertées “Le rendement économique des interventions préventives en santé du Québec” 2^{ème} concours – March 2008

National Science Foundation (US), 2006

Social Sciences and Humanities Research Council, Canada, Review Committee (2005)
– one review

Prior to my McMaster appointment:

National Institute for Health, Epidemiology and Medical Research (INSERM, France),
Review Committee (2000) – one review

National Agency for Accreditation in Health (ANAES, France), Review Committee
(2000, 2001, 2002, 2003) – three reviews each year

Scientific Consulting:

Canadian Institute for Health Information / Instituts Canadiens d'Information sur la Santé (CIHI/ICIS) – consulting on measurement of health care systems performance, and measurement of redistributive impact of health care (financing and delivery).
September 2010 to present.

Advisory Committees

Reviewer, Canadian Health Economics Study Group 2006

Prior to my McMaster appointment:

Member, Scientific Committee, Journées des Economistes Français de la Santé (JFES) (2004)

Member, Health Economics Study Group' 04 (2003)

Member, Scientific Committee, Health Economics Study Group (June 2003 - January 2004)

Chair, International Workshop on the Determinants of Social Inequalities in Health, Main results from surveys on reference groups, social integration and social capital (2003)

Member, Scientific Committee, European Conference of Health Economics (January 2002 - June 2002)

Member, Organization Committee, SEMINARIS, International conferences on health insurance (2001 - 2004)

Member, Scientific Committee, Workshop on Health Economics, National School of Public Health (ENSP) and National School of Statistics and Information Processing (ENSAI), Rennes, France (1999, 2001)

Special Advisor, Annual Conference of Health Insurance, Caisse Nationale d'Assurance Maladie des Travailleurs Salariés (CNAMTS, Direction des Statistiques et des Etudes, Souâd Janati) (1999, 2000, 2001, 2002, 2003)

Scientific organization: CHEPA international workshop on equity in health and health care, McMaster University, December 2009 (academic contributions from Canada, the US, the UK, and France).

Areas of Interest

Research

Health care financing: Impact of supplementary health care insurance on welfare, equity in financing, consumption patterns and delivery of health care; regulation of universal coverage for the poor

Economics of health and health care and its distribution in populations: Determinants and patterns of health care consumption across income and age groups, consequences of aging on health care expenditures; taxes on cigarettes and well-being of the population.

Courses Taught

At McMaster:

Undergraduate:

GERONT 2CO3: Research Methods in Gerontology (Fall 2004, 2006, 2007)

GERONT 3IO3: Aging and Health Care Systems (Winter 2005)

SOCIAL SCIENCE 2JO3: Introductory Statistics (Winter 2005)

ECON 3QO3: Economics of Aging (with Dr. Spencer) (Winter 2005, 2006, 2007, 2008, 2009, 2010)

GERONT 2FO3: Aging and Health Care Systems (Winter 2006, 2007, 2008, 2009, 2010)

HLTHST 2CO3 & ECON 2CC3: Health Economics and Its Application to Health Policy (Fall 2005, 2006, 2007, 2008)

ECON 3ZO3: Health Economics (Winter 2010)

HEALTH AND AGE 2AO6: Research Methods in Social Sciences – Quantitative Approaches (Fall 2008)

HEALTH AND AGE 3ZO6: Research Methods in Social Sciences – Quantitative Approaches (Fall 2009)

Graduate:

ECON 782: Labour Economics II (with Emile Tompa and Steven Jones), Fall 2004

ECON 710: Population Economics (with Dr. Spencer) Winter 2005, 2006, 2007, 2008

In France prior to my McMaster Appointment:

Graduate:

Econometrics for non-specialist economists, DESS Social Policy, Faculté d'économie, University of Caen, Caen, France (1998, 1999, 2000, 2001)

Demand for health and health care, Final year, ENSAI (National School of Statistics and Information Processing), Rennes, France (2000, 2001, 2002)

Health care policies, DESS Social Policy, University of Paris – Sorbonne, Paris, France (2003, 2004)

Others:

Co-organizer, CEPE-santé (training courses in health economics and health policy lasting four weeks full-time), National Institute of Statistics (2002, 2003, 2004)

Supervisory Activities

Supervision – undergraduate students – McMaster:

Alisha Bhanji, Fourth year thesis 4ZO6 (2009-2010) Honours Health Studies – The role of trust and social capital in community based health insurance. Case studies in China and Rwanda.

Annie Tam, Fourth year thesis 4ZO6 (2009-2010) Honours Gerontology – Why do some hospitals perform more PTCA on patients admitted with AMI in Ontario, and what role does age play in the decision?

Luwam Ogbaselassie, Fourth year thesis 4ZO6 (2009-2010) Honours Health Studies – Factors of fistula in Africa

Bianca Tomsa, Fourth year thesis (2009), Bachelor of Health Sciences – experimental approaches on stated preferences about the definition of need of health care.

Tim Roche, Fourth year thesis (2009), Bachelor of Health Sciences – work on the corruption index of the world bank and its correlation with health system performances and payment schemes in OECD countries.

Zein Faraj, Third year thesis (2008), Bachelor of Health Sciences – search and summaries of articles in the Canadian medical press about payment policies in the 1990s in the provinces.

Daniel Wan, Thesis (2008), Bachelor of Health Sciences “Immigration and health care utilization: a Oaxaca decomposition.”

Daniel Wan, 3HO3 project (2007), Bachelor of Health Sciences: “Non linear approaches of the relationship between mortality and the business cycle”.

Sabrina Padewski, Fourth year thesis (2007), Bachelor of Health Sciences: “Cost-effectiveness of healthy ageing: what we don't know and how to investigate it”.

Jong Woan Kim, Fourth year thesis (2006), Bachelor of Health Sciences: “Aging and health care services utilization – changes in Canadian provinces 1995-2003 and plausible causes”.

Nana Bonsu, Fourth year thesis (2006), Gerontology: “Growth of the private long-term care insurance market in Ontario”.

Jong Woan Kim, 3HO3 project (2005), Bachelor of Health Sciences: “Two tier system and wait time, a comparison of health care organization in France and Canada”

Graduate Supervisory Committees

Masters:

Mikhail Korolko, Masters of Arts in Health & Aging, 2009, McMaster University (supervisor)

Alissa Penney, Masters of Arts in Health & Aging, 2009, McMaster University (supervisor)

Tara McGrath, Masters of Arts in Economic Policy, 2007, McMaster University, (committee)

PhD:

Sihui Tao, Ph.D. in Economics, 2010 – present, McMaster University (supervisor)

Jennifer Reddock, Ph.D. in Health Policy, 2009 – present, McMaster University (supervisor)

Yaw Owusu, Ph.D. in Health Policy, 2009 – present, McMaster University (supervisor)

Emmanuel Guindon (committee), McMaster University, Ph.D in Health Research Methodology, 2006--2010

Renaud Legal (defense committee, June 2008), Université Paris Dauphine, Ph.D in Economics.

France, prior to my McMaster appointment:

Master's thesis:

Supervisor, Diplôme ENSAI (March 1998 – June 1998), Paul Dourgnon

Supervisor, Diplôme ENSAI (March 1998 – June 1998), Julien Dournovo

Supervisor, Diplôme ENSAI (March 1999 – June 1999), Thomas Renaud

Co-supervisor (with Agnès Couffinhal), Diplôme ENSAE, (September 2000-June 2001), Marc Perronnin and Karine Szwarcensztein

Ph. D.:

Co-supervisor (with Brigitte Dormont), University Paris – Nanterre (September 2002 - 2006), Hélène Huber, Ph.D., Economics

Committee:

Florence Jusot, DELTA – Ecole Normale Supérieure (August 2003)

Lectures

Université Paris Dauphine (France): Invited professor, February-March 2011 – Measuring and interpreting equity in health care utilization; Financing health care: what do we know?

Institut des Hautes Etudes de Protection Sociale (Paris, France): La concurrence dans l'assurance maladie, February 18, 2010

Health Policy Ph.D. Seminar: Equity in health and health care – The Economist's perspective, October 14, 2009

Canadian Health Care Series, McMaster University, Faculty of Medicine: Aging Population and the Health Care System, April 15, 2009 and April 28, 2010

DESS Management des systèmes de santé, IUMSP, Université de Lausanne (Switzerland): Measuring efficiency of national health systems according to WHO – the World Health Report 2000, May 26, 2005.

Prior to my appointment at McMaster:

Hanoi Faculty of Medicine, Vietnam (7 September 2003): Moral hazard and the demand for health insurance

DESS, University of Strasbourg, Faculty of Law
The Market for Health Insurance (2003)

DESS “évaluation des biens et services médicaux” (evaluation and health care),
University of Paris

Externalities and Public Goods (1999, 2000, 2001)

Moral Hazard in Health Care and Health Insurance (2002)

DEA de santé publique (public health), University of Paris 11

The Efficiency of Health Care Systems, (2001)

Moral Hazard in Health Insurance (2002, 2003)

Conférences d'agrégation, Ecole Normale Supérieure Paris,

Enjeux économiques de la politique familiale (Economics of family policy),
December 1998.

Research Funding

Pending:

1. Healthy aging and health care expenditures in Canada: simulations of the macroeconomic effect of changes in health status on total spending 2010-2050. CIHR Operating Grants Competition, September 2010; Amount requested: CAD137,640; Years of funding: January 2011 to December 2012; Principal Applicants: Michel Grignon and Jacques Légaré (Université de Montréal, Démographie); Co-applicant: Janice Keefe (Mount Saint Vincent University, Gerontology).

Current and past:

- 2010-2011 The Economics of healthy aging; Public Health Agency of Canada; Amount: CAD15,000. Years of funding: November 2010 to February 2011. Investigator: Michel Grignon.
- 2010 Financing Long-Term Care in Canada; Institute for Research in Public Policies/Institut de Recherches en Politiques Publiques, Montréal; Amount: CAD1,000. Years of funding: September 2010 to December 2010. Investigator: Michel Grignon
- 2010 The link between access to primary care and inequity in hospital utilization in Canada. CIHR Operating Grants Competition, September 2009; Amount requested: CAD173,360; Years of funding: January 2009 to December 2010 ; Principal Applicants: Michel Grignon and Jeremiah Hurley (McMaster University); Co-applicants: Sara Allin (University of Toronto, HPME), Bruce Newbold (McMaster, Geography), John You (McMaster, Medicine).
- 2009-2010 Systematic literature review on the cost and benefit of healthy aging interventions, Michel Grignon (Principal Investigator), Janice Keefe (Co-investigator), Jacques Légaré (Co-Investigator) Public Health Agency of Canada, \$6,000
- 2007-2008 Estimating the impact of healthy ageing on aggregate health care expenditures in the future in Canada – feasibility study, Michel Grignon (Investigator) ; Public Health Agency, Canada, \$10,000
- 2006-2010 Vieillissement de la population et dépenses de soins – comparaisons France – Canada – Suisse (Population aging and health care expenditures, comparisons between France, Canada, and Switzerland), Brigitte Dormont (Université Paris Dauphine, Principal Investigator), Michel Grignon (Co-Investigator), Alberto Holly (Co-Investigator, Université de Lausanne) ; Chaire Santé, France, €180,000
- 2006-2009 “Inequities in health care utilization and health policy in Canada: An empirical analysis of the extent of inequities and the potential impact of health policies”, Grignon, M. (Principal Investigator), Gildiner, A. (Co-Investigator, McMaster, Political Science and Health Studies), Hering, M. (Co-Investigator, McMaster,

Political Science and Gerontology), Hurley, J. (Co-Investigator, McMaster, Economics); Canadian Institutes of Health Research, Operating grant, \$226,410

2005-2006 “The steepening of the age profile in health care expenditure over time: comparing Canada and France over the 1990s”, Grignon, M. (Principal Investigator); Canadian Institutes of Health Research, Operating Grant, Pilot project grants in strategic health services and policy research; \$27,850

2005-2010 “Financing and funding health care: Exploring equity and efficiency using experimental economic methods”, Hurley, J. (Principal Investigator, McMaster, Economics), Carr, J. (Co-Investigator), Cuff, K. (Co-Investigator, McMaster, Economics), Giacomini, M. (Co-Investigator, McMaster, Health Sciences), Mestelman, S. (Co-Investigator, McMaster, Economics), Muller, R. A. (Co-Investigator, McMaster, Economics), Rahal, M. (Co-Investigator), Wardle, G. (Co-Investigator); Canadian Institutes of Health Research, New Emerging Teams Grant, \$943,065

In France, prior to my McMaster appointment:

2003-04 Matthew effect in the simultaneous choice of health and income, through longitudinal individual data for France (1988 – 2002), Grignon, M. (Principal Investigator), Couffinhal, A., Dourgnon, P., Geoffard, P-Y., Jusot, F., Naudin, F. (Co-investigators); MiRe (Ministry of Health and Social Affairs, France); € 27,000.00

2003 Alternative ways of funding health insurance for the poor; Grignon, M.; FNIM (Federation of Non-group Supplementary Insurance, France); €11,000.00

2003 Evaluation of group supplementary health insurance in France through an employer-based survey; Grignon, M. (Principal Investigator), Couffinhal, A., Grandfils, N., Rochereau, Th. (Co-Investigators); DREES (Ministry of Health and Social Affairs, France); €30,000.00

2002-04 Feasibility and optimality of various schemes for paying for health care in Vietnam: analysis and field experimentation; Grignon, M. (Principal Investigator), Couffinhal, A., Perronnin, M. (Co-Investigators); French Ministry of Foreign Affairs; €80,000.00

2002-03 Determinants of social inequalities in health: literature survey and working group with international experts; Grignon, M. (Principal Investigator), Couffinhal, A., Dourgnon, P., Geoffard, P-Y., Jusot, F., Naudin, F. (Co-investigators); CNRS (National Centre for Scientific Research), INSERM (National Institute of Health, Epidemiology and Medical Research), MiRe (Ministry of Health and Social Affairs) - France; €10,000.00

- 2002-03 Assessing the value of CMUC (means-tested free supplementary health insurance) for its beneficiaries; Grignon, M. (Principal Investigator), Perronnin, M. (Co-investigator); Fonds de gestion de la CMU (CMU Funding Agency, France); €27,149.20
- 2002 Devising a method to evaluate the impact of public policies aimed at enhancing access to health care and health promotion, Grignon, M. (Principal Investigator), Naudin, N. (Co-investigator); Commissariat Général au Plan – Comité National d’Evaluation des Politiques Publiques (National Committee for Public Policy Evaluation, France); FF 210,000.00 (€31,343.28)
- 2000-02 Assessing networks of physicians in France: comparisons and survey of networks experimentations; Bourgueil, Y. (Principal Investigator), Brémond, M., Develay, A., Grignon, M., Midy, F., Naiditch, M., Polton, D. (Co-investigators); Fonds d’Amélioration de la Qualité des Soins de Ville (Agency for the Improvement of Quality in Ambulatory Care, France); FF 450,000.00 (€67,164.18)
- 2000-02 Compulsory health insurance and occupation; Geoffard P-Y. (Principal Investigator), Couffinhal, A., Dourgnon, P., Grignon, M., Jusot, F., Naudin, F. (Co-investigators); MiRe (Ministry of Health and Social Affairs, France); €8,692.95

Administrative responsibilities:

Department of Economics:

Liaison with the department of Health, Aging and Society

Library Liaison.

Host, Department Seminar series: J. Nyman (2005), C. Milcent (2007), L. Lequien (2008), A. McGuire (2008)

Chair selection committee.

Department of Health, Aging and Society:

Starting September 2008: Colloquium committee; Library liaison for Gerontology and Health Studies.

Health, Aging and Society: award committee (2004-5, 2005-6), Graduate Program Working Group (2006-07), Teaching Professor Hiring Committee (March - April 2007), Hiring Committee (March – April 2008).

Participation to the merging of the Gerontology and the Health Studies Programmes into the new department of Health, Aging, and Society (2005, 2006)

Centre for Health Economics and Policy Analysis:

Associate director January 2009 to June 2010

Organization of the Polinomics seminar series (August 2008 – June 2010)

Selection committee, Graduate students Scholarships (2007, 2008).

Host, Ph.D students from foreign university: Paul Dourgnon (September – December 2008), Université Paris Dauphine, Paris, France; Luiz Flavio Andrade (September – December 2009), Université Lyon II, Groupe d'Analyse Théorique en Economie (GATE).
